

# Clint Bainbridge

## Director – Tax and Business Advisory

### Professional Background:

Clint commenced his career with the firm in 1999 and was appointed a director in the tax and business services division in July 2012.

Clint's expertise is in advising his clients on their ongoing taxation and accounting requirements, business and strategic planning, budgets, cash flow forecasting and general consulting services. His experience extends across a variety of industries, including property development, building and construction, manufacturing, wholesale and professional services.

Clint's strong number skills make him a natural accountant. He has developed close relationships with his clients to assist them with the growth of their businesses and the achievement of their business and personal goals.
